DETAILED ACTION

Allowable Subject Matter

1. Claims 7-17 have been allowed in previous office action (mailed 9/1/05).
2. Applicant has amended the claims 1-6 and 50-55 to overcome the prior art rejection of the previous office action. Claims 1-6 and 50-55 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims:

Reference den Boer et al. (US 6,124,606) and Hokari (US 5,654,565) do not disclose:

- Forming an in-pixel capacitor in a pixel containing the photosensor.
- Forming at least one periphery capacitor in a region outside of a pixel array.
- Forming both capacitors at the same time using the same process steps.

Therefore, the above references do not disclose the claimed invention of present application and claims 1-6 and 50-55 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
